ParentPay

Making a payment to the school is straightforward and ParentPay holds an electronic record of your payments to view later; no card details are stored in any part of the system and the school does not have access to this information.

Once you've activated your account you can make online payments straight away.

Parents who are unable to make payments online, or wish to continue paying in cash, can request a PayPoint Card. This will enable you to pay at any store which displays the PayPoint sign. Please be aware that payments made via PayPoint can take up to three days to be credited to pupil accounts.

Good to Be Green

Well done to all the children who continue to work hard and show excellent behaviour in school. 167 texts (84%) were sent to parents on Friday for children that had remained 'green' all week. Well done.

Accompanying this newsletter, there is an envelope with login

details for eSchools. This app allows us to send you texts via the app and you can also monitor your child's attendance whilst on the move.

We have upgraded our management information system in school over the half term. If you previously used eSchools to access text messages (ie before half term) this will now no longer work. Therefore, please could you delete the app from your device and reinstall it using the new login details contained within the letter.

The more parents who use the app, the more money we will be able to save as a school and texts via the app are FREE!

Last Thursday, Year 1 visited the Falmouth Maritime Museum here are some quotes from their visit:

I liked helping in the rescue of John Henry Pascal.
Aida

The spiral staircase was like a light house.

My favourite part was when we went for lunch, there were boats hanging from the ceiling.
